

InConcert XIII

Saturday March 13, 2010 7 pm

San Mateo Performing Arts Center

Mark your calendars, invite friends and families for this fabulous event!

In Concert is the San Mateo Union High School District's music "honors" program where students perform in either a jazz ensemble, string orchestra, chorus, or symphonic band. Each performing group work with a distinguished guest conductor from outside of the school district. For the last twelve years, this concert series has been a collaborative effort among

- the high school district – featuring the talented young musicians of six mid-peninsula high schools
- the Foundation for the Fine & Performing Arts – a nonprofit organization advocating for arts education within the district
- the College of San Mateo – where participating students receive 0.5 unit of credit for their university-level work.
